II. INTRODUCTION

On April 3, 2013, Complainants Latino Action Network (“LAN”), and Fair Share Housing Center (“FSHC”) filed a complaint with the U.S. Department of Housing and Urban Development (the “Department” or “HUD”), Office of Fair Housing and Equal Opportunity (“FHEO”), alleging that the State of New Jersey (“State”) engaged in discriminatory housing practices with respect to the provision of services under Title VI of the Civil Rights Act of 1964 (“Title VI”), Title VIII of the Civil Rights Act of 1968, as amended (the federal Fair Housing Act) (the “Act”); Section 109 of Title I of the Housing and Community Development Act of 1974 (“Section 109”) and failed to affirmatively further fair housing.

On April 23, 2013, the complaint was amended to add the New Jersey State Conference of the National Association for the Advancement of Colored People (“NAACP”) as a Complainant and the New Jersey Department of Community Affairs (“DCA”) as a Respondent. The State and DCA are collectively referred to as ‘Respondents’ or ‘Recipients.’ Collectively, the Complainants and Respondents are referred to herein as the “Parties.”

The Recipients agree to enter into this Agreement in order to ensure compliance with their responsibilities under Title VI, Section 109 and the Act, and to affirmatively further fair housing.

The Parties understand that the Respondents deny any violation of law, and that this Agreement does not constitute an admission by the Respondents or evidence of a determination by the Department of any violation of Title VI, Section 109, the Act, or the obligation to affirmatively further fair housing.

The Parties agree that nothing contained in this Agreement shall be construed to be a finding or determination by the Department that the Recipients or any of their agents or employees intentionally engaged in unlawful practices. The Parties agree that nothing contained in this document shall be construed as an admission of liability by the Respondents or any of their agents or employees with respect to the Complainants’ allegations.

The Department and the Respondents, having agreed to settle and resolve voluntarily all disputed issues hereby agree and consent to the terms of this Agreement.

IV. RELIEF IN THE PUBLIC INTEREST

A. Fund for Restoration of Multi-Family Housing (FRM)

1. Recipients will allocate an additional \$215,000,000.00 for the Fund for Restoration of Multi-Family Housing in addition to the \$379,520,000.00 previously allocated to FRM.
2. Recipients, recognizing the significant need to support the replacement and development of multifamily housing to serve renters displaced by Superstorm Sandy, may reallocate additional funds that are not utilized or needed in any other program from CDBG-DR funding to FRM, subject to approvals required by HUD, from other programs in the approved Action Plan, in any future amendment to the Action Plan relating to the use of CDBG-DR funds, but will not reallocate funds from other programs that have been identified as serving the needs of renters, namely those programs identified as “Renter Housing and Rental Programs” in Exhibit B-1 to the March 25, 2014 Action Plan.
3. Recipients shall allocate FRM funds for all three rounds by county in accordance with percentages that are generally proportionate to the amount of damage experienced in each of the nine impacted counties. This calculation shall include funds that have already been allocated and funds to be allocated. The State agrees to set aside the following minimum percentages of the total amount allocated for FRM from all CDBG-DR funds, including but not limited to all funds allocated in the first and second tranche CDBG_DR Action Plan and any funds allocated from future federal funds and/or unexpended funds allocated from other programs pursuant to this agreement: Monmouth and Ocean Counties, 52 percent, Atlantic County, 20 percent. The State shall also give preference to the most impacted communities within each county using a prioritization list such as that proposed by NJ HMFA in May 2014 or a substantially similar list based on the degree of major and severe damage to renters.
4. Recipients shall set aside at least 60 percent of the total amount allocated for FRM from all CDBG-DR funds for developments outside Targeted Urban Municipalities (TUMs), which shall be defined for this Agreement pursuant to the definition in the rule adopted by the New Jersey Housing and Mortgage Finance Agency at 45 N.J.R. 1511(a), and the remainder shall be allocated to developments inside TUMs.

5. Of the total FRM funds a minimum of 60 percent of the total amount allocated for FRM from all CDBG-DR funds both outside TUMs and overall shall be dedicated to units that are open to families with children without preference or restriction other than described in this Agreement and affirmatively marketed to those people and groups “least likely to apply” as required by the New Jersey Qualified Allocation Plan as adopted at 45 N.J.R. 1511(a). State Uniform Housing Affordability Control, N.J.A.C. 5:80, requirements on bedroom distribution shall control.
6. The set-aside process for most impacted counties, TUMs, and families with children described above shall be implemented as follows. The State shall provide an initial application period of at least seventy-five (75) days after the effective date of guidelines adopted by NJ HMFA incorporating this set-aside process, which application process shall only require the documents referenced in Section 1 of the FRM Document Checklist proposed by NJ HMFA in May 2014, excluding the Resolution of Need, which to the degree required by state statute may be required by the time of final commitment of funds. The State shall then provide a list of the initial applications received including a listing by county, TUM/non-TUM, and families with children/other. Final applications, including the documents referenced in Section 2 of the FRM Document Checklist (exclusive of, Treatment Works Approval, CAFRA approvals, and Pinelands approvals which shall be closing requirements and not application criteria), shall be due no earlier than October 30, 2014. In the event there are not enough eligible applications from the most underserved counties and/or outside of TUMs and/or serving families with children to result in these allocations as of the October 30, 2014 deadline, Recipients agree to reserve sufficient funds required to meet those targets in subsequent rounds. In scheduling any future rounds, HMFA shall report to the public the allocation of funding designated to each underserved county, inside/outside of TUMs, and serving families with children in order to meet the funding targets. HMFA will schedule any subsequent rounds giving applicants sufficient time to prepare development plans. If, after two subsequent funding rounds, the targets have not been met, the HMFA may allocate the funds as required to generally meet the needs of low and moderate income households.
7. Recipients shall require that at least 50 percent of the units of each bedroom size in each FRM development approved by HMFA after the effective date of this Agreement shall be affordable to households at or below 50 percent of Area Median Income, including that at least 10 percent of units of each bedroom size shall be affordable to households at or below 30 percent of Area Median Income. Up to 15 percent of housing funded in TUMs may be made available to households between 60%-120% of area median income, thus providing income diversification.
8. Unless a specific action is required by federal statute or regulation, municipal support or funding for a development shall not be a point factor in any funding decisions for FRM funding provided that to the degree a resolution of need is required by state statute, Recipients may require such resolution by the time of final commitment of funds.
9. Recipients will require the greater of 15-year affordability or the length of affordability and/or extended use period required by any non-FRM source of

funding used in the project by deed restriction on all new affordable rental housing approved by the HMFA Board for funding via the Section 4.2.1, Fund for Restoration of Multi-Family Housing after the effective date of this Agreement. Nothing in this Agreement shall be interpreted to require that the deed restriction provided to enforce the length of affordability shall require monitoring by the CDBG-DR program for any period longer than required by federal statute or regulation; monitoring pursuant to other established federal and/or state programs shall be acceptable.

10. To minimize relocation and enable return of residents to their pre-storm communities, Recipients will require, as a contractual condition of all loans or grants for developers and operators of rental housing assisted under the Action Plan, including both FRM and any other rental housing funds for which a final commitment of funds is made after the effective date of this agreement, that such units will be made available for the first 90 days to LMI applicants who were displaced by and/or experienced major or severe damage from Superstorm Sandy based on either FEMA registration or alternative proof of damage, impact or displacement, as to be further set forth in a policy to be adopted by the HMFA.
 11. Unless required by federal statute or regulation, no household occupying, or which hereafter occupies, an affordable unit approved by HMFA for funding through FRM after the effective date of this Agreement shall be evicted solely because the household income rises above the initial income eligibility ceiling.
 12. Within sixty (60) days of the effective date of this agreement, the New Jersey Housing and Mortgage Finance Agency shall adopt modifications to its FRM Program Guidelines consistent with this Agreement.
- B. Fund for Restoration of Multifamily Housing (FRM) – Public and Assisted Housing and Sandy Special Needs Housing Fund (SSNHF)
1. The \$30,000,000 in FRM-Public Housing funds in the first and second tranche Action Plans and the \$60,000,000 in SSNHF funds referenced in this agreement shall be considered as separate from the FRM funds and not subject to the requirements outlined above in section IV(A) of this Agreement; all other FRM funds shall be subject to the requirements outlined above in section IV(A).
 2. No later than 45 days after the effective date of this Agreement, Recipients will consult with all Public Housing Authorities (PHAs) in the State, and assisted housing owners and operators to detail the damage to these homes by Superstorm Sandy, and prepare, submit to HUD and post on the DCA's Sandy Website, a detailed description of the type and degree of damage from Sandy to PHA-owned and operated and assisted housing, by development and building, including a comprehensive cost estimate for remaining repairs, and describe the remaining unmet needs to recover from Superstorm Sandy so that reasonable mitigation measures can be undertaken. As

part of this analysis, the State shall indicate which public or assisted housing still have units damaged by Sandy that remain uninhabitable as of the time of the analysis, and prioritize funding to address unmet needs to rehabilitate or reconstruct those units without loss of number of units or number of bedrooms per unit in the municipality in which those units existed before Sandy.

3. No returning resident duly qualified for public or assisted housing prior to Sandy will be subject to any recertification requirement except continuing household income qualification if required by other applicable federal regulations and assignment to unit with the number of bedrooms if required by the applicable regulations. No household will be denied the right to return hereunder because of a change in household members if the head of household or a majority of members of the pre-Sandy household apply to return but may be required to occupy a unit with the number of bedrooms required by the applicable regulations.
4. Notwithstanding any agreement in any other matter, Recipients shall allocate at least an additional \$10,000,000 for SSNHF which shall result in total SSNHF funding from CDBG-DR funds of no less than \$60,000,000.
5. DCA will apply for a waiver necessary to allow CDBG-DR funds to be layered with other federal funding sources such as HOME to produce supportive housing and/or other affordable rental housing.

C. Tenant Based Rental Assistance

1. CDBG-DR tenant-based rental assistance is restricted to three months unless specified by a waiver authorized by HUD. A waiver request is pending with HUD to allow the assistance for a maximum of 24 months. Provided HUD approves any and all necessary waivers, Recipients will continue to develop a Tenant-Based Rental Assistance Program and apply to HUD for any waivers necessary to implement the program.
2. Recipients shall allocate at least an additional \$15,000,000 for tenant-based rental assistance. Such funds shall supplement, and not supplant, the \$17,000,000 proposed by the State to be reallocated from the Landlord Incentive Program to tenant-based rental assistance.
3. These funds shall be allocated as follows:
 - a. There will be a preference for households at or below 30% of area median income;

- b. At least 75% of the additional \$15,000,000 in rental assistance must be used for families at or below 30% of area median income;
 - c. Recipients agree to provide vouchers of up to 130% of fair market rent to enable recipients to move to municipalities and neighborhoods that have few vouchers, subject to any necessary approvals by HUD.
 - d. DCA will establish policies and procedures for operation of this program, will post the policies and procedures on DCA's Sandy Website before initiating the program; the state will, within 120 days after adoption hold training for, all SHRAP provider organizations and other interested community-based organizations. DCA will also include outreach and counseling for these vouchers as part of the contract required in Section VI. F.
- 4. To the greatest extent feasible, households wishing to return to their pre-Sandy community with this assistance shall be supported and funded to do so.
 - 5. These funds may, subject to approvals required by HUD, be reallocated from other CDBG-DR programs, provided that no such funds shall be reallocated from other programs that have been identified as serving the needs of renters, namely those programs identified as "Renter Housing and Rental Programs" in Exhibit B-1 to the March 25, 2014 Action Plan. These funds may also, subject to approvals required by HUD, be allocated from additional CDBG-DR funding that may become otherwise available.
 - 6. Recipients agree to apply for any available HUD funding to support additional rental vouchers to meet the housing needs of New Jersey renters.

D. Review of RREM Applicants Determined to be Ineligible and Status for Wait Listed Applicants

- 1. DCA shall, within one hundred and fifty (150) days of execution of this Agreement, complete a review of all applicants initially found ineligible for the RREM program who have not filed an appeal, using the same review process already in place for people who have filed an appeal. DCA has completed its review of all persons who filed an appeal. DCA shall provide all applicants initially found to be ineligible with a determination of whether upon review they are eligible or not, any documents that DCA still needs to fully process their application, a mechanism by which applicants can get information on the status of their

application, and an explanation of the determination, the right to appeal a final decision to the Office of Administrative Law, and the information customarily required in a New Jersey court filing pursuant to N.J. Rules of Court 4:4-2 regarding the ability to find an attorney through the Lawyer Referral Service or Legal Services of New Jersey, which information shall be provided consistent with the LEP requirements in this Agreement.

2. For any applicant deemed to be eligible in the above-described review, the applicant shall be placed in the order of priority that the applicant would have been in had the application initially been accepted, and funded according to that priority. Recipients shall ensure sufficient funds remain in the RREM program to effectuate this priority.
3. Within thirty (30) days of the completion of the review required pursuant to this subsection, DCA shall provide to FHEO an updated version of the information required to be provided with respect to the RREM program pursuant to this Agreement and an analysis of the application approval rate for RREM by race, ethnicity and income. DCA shall as part of that report provide an assessment of any further adjustments necessary to reduce or eliminate disparities.
4. DCA shall develop and implement a system through which all RREM applicants can receive the most current information on their application's status by telephone, consistent with the LEP requirements in this Agreement.

E. LMI Homeowners Rebuilding Program

1. DCA shall administer a new program serving homeowners who were not served by the prior RREM program, limited to the LMI populations, particularly those who are LEP, of the nine impacted counties. DCA has committed \$40 million for this program; a minimum of \$10 million of the funds committed to this program shall be initially reserved for owners of manufactured housing whose homes were damaged, subject to HUD's approval if necessary. DCA agrees to make available to the public, including on DCA's Sandy Website, the eligibility criteria for the program, including the manufactured housing component, at or before the time that the program opens to applicants.
2. Funding for the new program not needed for the manufactured housing plan described above shall be distributed to homeowners not previously served by RREM with major or severe damage. The application process shall be in all aspects implemented in concert with the housing counseling and outreach and LEP requirements in this Agreement, and shall be open to the nine previously identified most impacted counties. DCA will accept alternative proof of substantial damage for applicants who are unable to or cannot get a substantial damage letter in this program, using

the same provisions provided for RREM in the LEP section of this agreement.

3. Any funds remaining from implementation of this program or from other allocations to the RREM program may be reallocated to the FRM program and DCA may provide that such reallocation will happen as part of its CDBG-DR third tranche action plan so that no further approvals will be needed for such reallocation to take place.

F. Housing Counseling and Outreach

1. Recipients shall implement outreach and housing counseling services to LMI homeowners and renters as follows:

- a. DCA has identified organizations and community partners who will conduct additional robust outreach for the FRM and LMI Homeowners Rebuilding programs in the nine most impacted counties. DCA will fund those outreach efforts with funds totaling \$2 million beginning in July 2014. As part of these efforts, DCA shall provide outreach to LEP communities in each of the nine impacted counties by contracting or subcontracting with community-based organizations with experience working with racial or ethnic minority communities and low and moderate income people in that county in areas most heavily impacted by Sandy, including LEP communities, and the majority of the outreach funding shall be provided to organizations with such experience.

- b. DCA will convene, within 10 days from the date of execution of this agreement, a meeting of a working group to discuss community outreach planning. The Complainant organizations will be invited to this meeting.

- c. DCA will provide housing counseling services through its existing network of HUD-certified housing counseling agencies and, if needed, may issue a separate RFP for such services in the nine previously identified most impacted counties. A proposal may include one or more counties. These housing counseling agencies will provide comprehensive counseling services for both homeowners and renters in order to identify all available homeowner and renter programs and other available resources and to assist with both the application and processing once approved, all in one-stop locations in all nine previously identified most impacted counties. Housing counseling shall be provided in facilities located in lower-income communities impacted by Superstorm Sandy. The counseling shall include financial literacy training, fair housing counseling including mobility counseling and fair housing rights, and any assistance needed to residents of public and assisted housing that are required to be relocated. Counseling agencies shall be required to demonstrate

their ability to collect and report agency and client-level data including client intake, file maintenance, financial and credit analysis, outreach, client notification, and reporting pursuant to 24 CFR 214.103 (f), and meet any additional requirements to interface with state and federal reporting on CDBG-DR funds including but not limited to collecting and reporting the information required pursuant to the Recordkeeping and Reporting provisions of this Agreement.

d. LEP services: All outreach and housing counseling services provided pursuant to this section shall be performed in accordance with the State's LAP. The specific references to LEP communities above shall not be construed as limitations on the full compliance of all such services with the LAP.

e. Recipients agree to provide a minimum of \$2 million per year for housing counseling services until and including the year when the HUD closeout for the CDBG-DR funding occurs, with the final year to be prorated depending on when the closeout occurs and if CDBG-DR funds are available.

G. Access to All CDBG-DR Funded Programs for LMI and LEP Persons who are Potentially Eligible for the Programs

1. Pursuant to the non-discrimination requirements of Title VI at 24 C.F.R. § 1.4, the Recipients are required to take reasonable steps to provide meaningful access to federally funded programs for LEP persons. To comply with their Title VI LEP obligations, the Recipients agree to take the following actions.

a. Completion of Four Factor Analysis. Within 60 days of execution of this Agreement, DCA shall provide a complete Four-Factor Analysis for the nine most affected counties as referenced in the HUD LEP Guidance and shall submit a copy to FHEO. This shall include determining the following:

i. Number or proportion of LEP persons eligible to be served or likely to be encountered by the program, supported by census data or other relevant data, including language for LEP populations of 5% or 1,000 persons in each of the nine most affected counties, considering all languages in the following chart:

- c. New CDBG-DR LAP. Within ninety (90) days of execution of this Agreement, DCA shall develop a revised LAP for

Sandy Recovery to address the needs identified in the Four-Factor Analysis conducted pursuant to Paragraph 1 above, and submit it to FHEO for review and approval. If FHEO does not reject the LAP within ten (10) days, the LAP shall be considered to be approved. This revised LAP shall include at a minimum:

- i. Procedures DCA will use to identify LEP persons with whom they have contact, the size of the LEP populations in each of the Sandy-impacted counties that comprise 5% or 1,000 of the total population for each such county, and the languages of each LEP population;
 - ii. Points and types of contacts the Recipients may have with LEP persons;
 - iii.
